## U. S. EMPLOYMENT BUREAU OPENED

The growing inability of war industries to secure skilled and unskilled labor needed to carry on their work has led to the formation of the U. S. employment service under the direction of Secretary of Labor Wilson.

Mr. C. S. Knight, of Reno, the director for Nevada, has appointed Frank T. Miller to supervise the work in Nye county. The headquarters will be with the council of defense.

One of the duties of the department will be to enroll the names of citizens not engaged in useful occupations, also skilled mechanics, and keep record of same so that when a call is made for certain class of men, the proper persons will be notified.

Arrangements are now being made whereby transportation will be supplied to those selected.

The special call is now for lead burners to build lead tanks for chemical companies. The pay for this class of work is \$1 per hour with a chance for increase.

The government also needs stenographers, either male or female.

## COPPER WIRE STOLEN

One thousand and one hundred pounds of copper wire was stolen from the poles of the Nevada Consolidated Mines company in Ely last week and the wire was found in the possession of three men of Ely, who had made a systematic series of thefts of copper wire and castings. Their total thefts are said to amount to over 4000 pounds of copper.

## MUST GO TO CHILE TO BUY PRINT PAPER

(By Associated Press)

WASHINGTON, Aug. 7.—The shortage of paper has led to a government investigation of the paper manufacturing possibilities in Chile. Paper manufacturers of the republic have held several conventions to ascertain the capacity of their factories and grades of paper that can be manufactured in the country.

There are now in Chile nine paper factories with a total production of 7,500,000 kilos (of 2.20 pounds) annually. They are capitalized at \$1,500,000 pesos and employ 400 men. The newspapers of Chile have been

alarmed at the scarcity of print paper due to the shortage in the United States and the lack of vessels to transport what paper could be obtained in this country and elsewhere in the world. It has been developed that the big factories in Chile can make print paper out of the raw material obtainable in Chile and they have already begun the output. This will be increased as rapidly as possible. In the southern part of the republic vast acreage of timberland produces sufficient pulp wood to supply to the needs of the manufacturers for many years.

## SHORTAGE OF HOMES IN DANISH CITIES

(Correspondence Associated Press)

LONDON, July 29.—A shortage of homes is adding to the woes of Danish cities. Many brickyards, according to a Dane who has just returned here from Copenhagen, have had to close, with the result that building virtually has ceased and flat hunting had developed into what might be called flat auctions.

If a flat was advertised for rent in the papers, probably a hundred persons would assemble that day outside of the building. No one was admitted to the flat, but the caretaker, when he thought a large enough crowd had collected, would

throw open his window and say something like this:

"The rent of this flat, ladies and gentlemen, is so much a year. Which of you will pay me the most for arranging matters?"

Then a kind of auction would be held, and whoever made the largest bid for the services of the caretaker would secure the flat.

Now the flat famine has developed to such an extent that the diligent flat seeker studies the death announcements, proceeds immediately to the residence and assails the mourners with questions about their plans with regard to the flat.

## W. J. DOUGLASS FOR CO. COMMISSIONER

W. J. Douglass, present county commissioner filling the short term, is a candidate for re-election to the same position for the long term. Mr. Douglass is so well known that the best reference for the voters is to look into his official record he has established in the position he has held for two years. He has always taken an active part in public matters, having represented Esmeralda county in the early days before coming to Tonopah and is identified with the leading industrial development of the county, both here, at Manhattan and in the Smoky valley, where he is interested in ranching. Mr. Douglass has been a life-long Democrat who has given his time unsparingly to the interests of the people by giving a business administration and devoting his time without stint to public affairs.

## CHAS. R. EVANS FOR MEMBER CONGRESS

Charles R. Evans, candidate for the house of representatives in congress on the Democratic ticket, was in Tonopah yesterday after spending some time looking over the northern and eastern part of the state acquainting himself with conditions and getting in touch with the requirements of every section. Mr. Evans says he never met such a broad open-minded set of citizens as those of Nevada.

Mr. Evans was one of the early investors in Nye county, having taken up groups of claims in Manhattan when he embarked in business in that camp. Later he was identified with the big business of Goldfield during the best days of the camp and furnished the capital that started Luning on the high road to prosperity. The material development of the state has always found a friend in Charles R. Evans and there is no doubt of his ability to make good in congress.

## SKIP STOP SYSTEM TO REDUCE COSTS

(By Associated Press)

LOS ANGELES, Aug. 7.—"Skip-stop," urged upon street railways by the fuel administration, went into effect here today on the Pico line. It was announced by the Los Angeles railway that the system would be applied to other lines as the routes were surveyed.

Designed primarily to save fuel, the company adopted the system it was stated, to improve service and reduce costs of operation, which were running upward, making a request for a higher fare probable.

Education of the public to the system was carried on for a week in advance by newspaper advertisements reproducing the engineers' maps of "staggered" stops, showing the distances between them, the number of stops saved, and giving a statement explaining the situation.

Engineering surveys showed stops occupied 44 per cent of the round trip time. There were 127 stops, outside the business district, on the Pico line round trip, which the "skip-stop" system reduced to 30 each way. These 30 stops are designated by overhead signs.

## KILLS RABID COYOTE

J. A. Kirwin, county game warden, when returning from a trip up the river, shot and killed a rapid coyote just on the outskirts of town near the ball park. Mr. Kirwin was in his automobile and the animal ran along in front of the machine. Mr. Kirwin said the coyote was very thin and weak and had every appearance of having the rabies.—Humboldt Star.

## QUICKNESS OF GIRL SAVES BOYS LIFE

Through the quick wit and action of a young lady who happened to be near, another small child was saved yesterday from the toll of little ones who have met their death in the dangerous waters of the Orr ditch on University Terrace, says the Gazette.

Phil, the little three-year-old son of P. M. Wentworth, was playing near the ditch, which runs by their home at Sierra and Ninth streets, and fell in. Another child saw him fall and ran for help. Miss Elvina Elvins of 255 University Terrace happened to be passing and caught a glimpse of the boy as he came from under the bridge.

She ran along the bank but could not get over the fence and had to run around several houses to a point below Sierra street. The unconscious body of the little Wentworth boy had by this time passed under a barn and several more bridges.

Miss Elvins reached the ditch just as it curved under a barn where the water ran level with the boards, and saw that she must do something quick. She jumped in and with the water over her arm pits, struggled against the current and snatched the boy just in time. He was unconscious when she carried him to the bank of the ditch, but she at once set to work with first aid methods, and after five minutes' work had brought the boy back to life, to the relief of the distracted mother, who had arrived on the scene.

Accurate war news in the Bonanza.

## SHATTERED MORALE

(Continued from Page One)

the troops having been withdrawn a week before. Thus, it is clear that in the center, a mere shell of defense has been opposed to our progress, but the fragments of that shell lie everywhere on the ground.

"All of these villages, which are mostly heaps of ruins were labeled with Teutonic thoroughness, carefully painted and prominently displayed signboards containing information of everything and everybody, and evidencing the expectation that the Germans would remain in possession.

"During the last period of our advance we must have been costing the Germans about 6000 signposts daily."

## DRAFT BOARD CLERKS WILL BE EXEMPTED

(By Associated Press)

SACRAMENTO, Aug. 7.—Draft board members within the new draft laws will be granted a deferred classification upon the governor's certification that they are necessary to the administration of the draft, the provost marshal general announced.

## DIES AFTER BOXING; OPPONENT ARRESTED

(By Associated Press)

JERSEY CITY, N. J., Aug. 7.—As the result of the death of Nelson Paperman, his opponent in a light-weight boxing match here last night, Victor Ritchie, today was placed under arrest on a charge of manslaughter. An autopsy will be held.

## AVERILL REFUSES TO DISSOLVE ORDER

In the case of Pat Mooney, plaintiff, vs. Desert Produce company, a corporation, et al., defendants, Judge Averill today denied a motion to dissolve a restraining order in the following ruling:

"The motion to dissolve sets out ten grounds upon which the defendant Newton argues that the restraining order in this case should be released. Only one of them appears to me to have merit.

"A day or two before this suit was commenced, suit was instituted in the justice court in Reno against the plaintiff herein to collect the amount of two notes, about \$218, which had been made to one Craig and had been endorsed and transferred to Newton, so Newton alleges. Ordinarily such a suit would be within the exclusive jurisdiction of the justice court and not at all cognizable in any district court except upon appeal.

"But in the suit of Desert Produce company vs. Craig the amount due Craig upon these notes was attached before the suit in the justice court at Reno was begun; and to the extent that Craig may then have had any interest in the notes or the amount due upon them, this court acquired jurisdiction over the subject matter. The justice court in Reno cannot decide the question whether Craig had an attachable interest in the notes or amount due on them, so the jurisdiction of this court for that purpose remains; and until that question is decided, this court refuses to dissolve the restraining order. However 'he question is probably a very simple one and ought to be easily disposed of, and the answer of the Desert Produce company in this case puts it fully to issue.

"The motion to dissolve the restraining order is overruled. It is hereby ordered that the clerk of this court transmit a copy of this ruling to each of the parties herein, and that this case be put upon the calendar for Monday, August 12, 1918, for setting for the purpose of at least of determining whether Craig had any attachable interest in the said notes or the amount due thereon when the attachment or garnishment was served on the plaintiff Mooney."

## REGISTRATION SHOWS A DECIDED IMPROVEMENT

The fact that the courthouse and deputy agent's office are open to register voters after working hours is bringing in a large list of names. Yesterday the total amounted to 1442 and the registrars were kept busy right up to the closing hour.

Information wanted as to the whereabouts of Gerald Casey, who was heard from last in Goodsprings, Nev. Probate matters pending. Kindly communicate with Helen Casey, 1416 Forest street, Ballingham, Washington. 1199A716

I loan you a watch to carry while I repair your own. I am the finest watchmaker who ever came to Tonopah. Emil Merman at Robert's Grocery store. advM131f

## PERSONAL

JAY CARPENTER, accompanied by his wife and child, left this morning for San Francisco.

O. W. MOORE, wife and child were passengers today for Los Angeles.

JOE CONNOR, the Manhattan hotel man, was in this morning from the north.

PAT QUINN and family of Manhattan, have removed to Tonopah to make their permanent home.

GEORGE DUGAN, the Hot Creek stockman, was in from the ranch this morning and returned this afternoon.

C. E. WALDNER, of the West End office force, has returned with his wife and baby from Niles where the family was spending a vacation.

MRS. O. O. EMMONS returned to her home in Los Angeles this morning after a few days visit in Tonopah.

WILL LYONS, superintendent of the swimming pool, left this morning via Goldfield to join the naval reserve at San Diego.

FRANK TAYLOR and wife returned this morning from a camping trip which they made in their own auto.

MARSHALL and HUGH BROWN, Jr. arrived home this morning from Berkeley, Cal., and will finish their vacation at the Butler ranch at Hot Creek.

E. C. SIMPSON, superintendent of the MacNamara Mining company, accompanied by his wife and child, left for the coast this morning, intending to be absent a month.

FORMER GOVERNOR ODDIE left this morning in his Cadillac for Ely whence he will go south, taking in Lincoln and Clark counties, returning here in about ten days.

ROBERT GELMAN, who is employed on the Tonopah Extension, was a passenger this morning for the coast. He is one of the best shots of the county and was a member of the crack Manhattan rifle team that competed on the national range in Florida.

## TWO RECRUITS WILL LEAVE TO MORROW

Seven recruits have been called from Nye county to entrain tomorrow for Camp Fremont, but, owing to the departure of most of these men who are scattered over the west and south there are only two to be escorted to the depot for the train leaving at 9:05. The usual display will be made and there is no doubt of the musicians' union appearing to give the boys a good send off. The Red Cross will see that they are furnished with comfort kits. The men going are William R. Clevenger, of Tonopah, and Edward J. Nolan of San Jose. The latter has been included in the call from his home county but will report from this station.

## MRS. COLEMAN ILL

Saturday Judge Ben W. Coleman received word from Seabright, Cal., that his wife was quite ill and he immediately left by auto to join her. Word was received by him this morning that his machine broke down at Bijou and he was waiting for repairs, but hoped to continue his journey last evening.—Carson Appeal.

## BEAUTIFUL SCENERY IN "BROADWAY BILL"

The use of beautiful backgrounds, characteristic of all of Harold Lockwood's Metro wonder plays, is one of the distinguishing features of that star's newest screen romances, "Broadway Bill," which will be shown at the Butler today. There is an episode showing night life in one of the big cafes of Broadway and for these scenes the producers erected a set duplicating the dining room of one of Broadway's most famous hotels. The management of the hotel gave the producers every cooperation to make the reproduction accurate and to preserve the atmosphere of the original, their efforts going to the extent of loaning the services of their waiters and cigarette girl and a large quantity of dining room equipment. The outdoor scenes of "Broadway Bill" were photographed in Florida and in Maine, and there is a pleasing contrast of the picturesque rustic view obtained in the south with the wild midwinter snow scenery of the north, which was photographed in Maine. The story throughout is a good snappy story with a wonderful climax. Also Pathe Weekly today. Matinee 1:30, Evening 7:30 and 9.

## K. OF C. GATHER IN NEW YORK CITY

(By Associated Press)

NEW YORK, Aug. 7.—More than 1000 Knights of Columbus assembled here yesterday for the annual convention of the order at which the first general accounting of its stewardship of Catholic war activities was made public.

James Flaherty, of Philadelphia, supreme knight, said \$11,569,523 had been contributed and pledged to the K. of C. war fund this year.

He described the main purpose of the convention as that of planning the campaign to raise \$50,000,000 to carry on the Knights of Columbus' war service abroad and in American training camps.

## ADVERTISED LETTES

List of advertised letters remaining at the Tonopah postoffice for the week ending August 7, 1918. When calling for these letters please state that they are advertised. A fee of one cent will be charged for the following: Mrs. Wm. Allen, Continental Oil Co., Mr. Paul Cuptoot, Geo. Garrison, Mr. W. Hogg, Mr. H. W. Holmes, E. L. Lewis, John Millett, Angus McLeman, Leonard M. Pedraza, Mrs. Lottie Rodgers, Thos. Riswold, Ethel Ramond, C. B. Rickman, Nick Valch, Mr. F. W. Widdis, W. J. Wilcox.

JAS. J. McQUILLAN, P. M.

We know of several acquaintances who are not worrying about the automobile tire restrictions.
